President

TLN Consulting

**Richard A. Spiers**

Vice President Claims Department

Genesis Management and Insurance Services

---

UNIVERSITY RISK MANAGEMENT &  
INSURANCE ASSOCIATION

# Learning Objectives

As a result of participating in this session, you will be able to:

- Understand the key areas of potential liability to sports medicine operations. Topics including, pre-participation physical examination process, medical decisions, concussion policy, student athlete mental health considerations and emergency action planning.
- Understand the practical steps to mitigate risk and plan for potential liabilities to better care for student athletes and to manage risk to universities.
